July, 2014

Dear Friends-

Thank you always for your interest in this healing and vital committee where our volunteers from many local branches are weekly sharing Christian Science with many receptive hearts! We appreciate your support and we are eager to share the CSJIC quarterly Fruitage Report attached. Good things are going on! Since our last report there were two Christian Science lectures provided by local branch churches in the jails. We have had 306 inmates attend our services and conferences where 48 Bibles, 51 *Science and Health with Key to the Scriptures*, 151 Sentinels, 169 Monitors and 4 Journals were gladly received. Our committee volunteers work with joy and inspiration to see that "spotless selfhood" in our contacts with inmates; and it is bringing blessing!

"Sooner or later the whole human race will learn that, in proportion as the spotless selfhood of God is understood, human nature will be renovated, and man will receive a higher selfhood, derived from God, and the redemption of mortals from sin, sickness, and death be established on everlasting foundations."
Unity of Good 5:4-9

CSJIC Work: We currently serve two men's jails (MSI - Medium Security at Hall St. and CJC - Clayton Justice Center), weekly, providing 3 Church services, along with two conference periods (like Sunday School). Many of the men attend regularly and are earnestly studying and seeking. Between the two institutions we serve approximately 1,400 attendees a year, with 8 volunteers needed weekly. The program coordinators at both institutions are always pleased to see our volunteers and happily report that the attendance at our sessions exceeds the combined attendance of the other church organizations. We can trust that the leaven of Truth is doing the work!

How can I help?

Branch Churches:

- * Check the Rep list at end of fruitage Report to see if your branch church needs to appoint a Rep
- * Collect newer used periodicals, preferably less than 1 month old, for your Rep to route to CSJIC
- * Budget a monthly contribution to CSJIC to help cover costs of distributing copies of *Science & Health*, Christian Science Periodicals and the weekly MBL study guide. (TMC grants 40% of these expenses.)
- * Consider your branch church hosting a Christian Science lecture.
- * Purchase and donate quantities of new *Science & Healths*, or *Quarterlies*.
- * Consider raising your monthly contribution to be more in line with other Joint committees ie. RR, Media

Individual members:

- * Purchase *Science and Health* & donate to our committee through your branch church Rep
- * Prayerfully support our work, and check out our website: www.ChristianScienceMissouri.com
- * Talk to your branch Rep and consider serving as a volunteer! (Once a month helps fill our current commitments; and we want to reach out further to other Institutions - both Youth and Women)

With love and heartfelt gratitude for your ongoing support,

Pamela Greiner-Moulton, Chair
