July 2015  
Apr/May/Jun 3rd Quarter

Dear Friends--

We invite you to see the leavening work of Truth within our state's institutions as our committee volunteers weekly share their love of Christian Science.

“This Science teaches man that God is the only Life, and that this Life is Truth and Love; that God is to be understood, adored, and demonstrated; that divine Truth casts out suppositional error and heals the sick.”

*Science and Health with Key to the Scriptures 471:31*

The attached 3rd Quarter Fruitage Report shares instances of receptivity, uplift, and healing in our CSJIC sessions with men and women. Many of these regular inmates are actively studying and practicing Christian Science. This fruitage report also relates continuing development work within a St. Louis area girls' youth facility. In June, a similar project for a boys' medium security facility started off with much sincere interest and receptivity from those attending.

We are grateful for both your branch church's, along with your individual, support of this inspiring work! We encourage you to consider: volunteering to serve monthly at one of our church services or conferences; contribute new paperback Science and Healths and Bibles to be distributed; help out either with special projects or possibly coming on board as Secretary. You will see first hand the multitude of blessings that come from being involved in this rewarding work!

With gratitude,

Pamela Greiner-Moulton, Chair

### CSJIC Committee Members
